## SALEM ROTARY CLUB OBSERVES 15TH BIRTHDAY

100 Members, Ladies and Guests At Party In Masonic Temple

## PITTSBURGH MAN CHIEF SPEAKER

Review of Club History Shows Long Period of Accomplishment

The 15th anniversary of the Salem Rotary club was the occasion of a delightful party which attracted 100 Rotarians, their ladies and guests to the Masonic temple for a dinner and program Tuesday night.

Tables were arranged to represent the spokes of a wheel and the blue and gold Rotary colors were used effectively in the decorations. This color combination was carried out in the chair covers and the flowers which graced the tables, and special lighting effects and furniture added to the attractive setting.

### Music Adds to Program

Miss Edna Primm of Damascus offered accordion and vocal solos as the guests gathered in the banquet hall and between courses, and she led the group in singing. Invocation was pronounced by Dr. C. L. Smith.

Dr. Guy E. Byers, president of the club, welcomed the guests and presented the presidents of the Alliance and Columbiana Rotary clubs and President and Mrs. Carl Willman of the Salem Kiwanis club.

Special guests were District Governor and Mrs. Paul Barrett of Findlay, the district governor speaking briefly about the program arranged for the district conference to be held in Canton, May 7 and 8.

President Byers then presented Ralph Hawley, chairman of the committee which arranged the anniversary party, who served as toastmaster.

Vocal selections by 10 members of the Youngstown Rotary club formed one of the most entertaining features of the program. Solo parts were offered by Frank Fuller, James McGoogan and Ben Evans, and Mrs. Lillian Butler Stambaugh, accompanist, delighted with a vocal selection.

### Reviews Club's History

A review of the organization and early history of the club was given by Chairman Hawley, who recalled that the club's charter was presented in April, 1921, by Samuel Squires of Elvira, district governor at that time. There were 21 charter members, seven of whom still belong to the club.

The club was sponsored by the Youngstown Rotarians and in 1923 the Salem club organized a club at Columbiana. Work for the benefit of crippled children became the chief objective of the club in October, 1921, and this work continues.

## CITY REVISES AUTO RULES TO SPEED TRAFFIC

Lifts Left Turn Ban On State St., Except At Lundy Ave.

## EXTENDS PARKING TIME HALF HOUR

Period Cut, In Certain Spots, To Aid Shopkeepers, Small Trucks

In order to meet changing conditions brought about by increased vehicular traffic, city council, acting on the recommendations of the safety committee and the police department, last night enacted an emergency ordinance amending the municipal traffic code.

**Permit Left Turns**  
Among the important provisions of the amendment is the lifting of the ban on left turns on State st., with one exception.

At the present time, left turns into North Broadway are banned. Lundy ave. and Penn ave., left turns are prohibited, also.

The amended code will permit left turns both at Broadway and Penn ave.

Restrictions concerning the left turn at Lundy ave., and State st., will remain as at present.

Parking time will be extended on East State st., between Ellsworth and Lincoln avenues and Broadway between State st., and Pershing st., from one hour to one and one-half hours.

However, parking will be limited to a half-hour within 50-foot distances at principal corners and mid-block spots along State st., from Ellsworth ave., to Lincoln ave., and Broadway between State st., and Pershing st.

Signs are to be erected wherever necessary to inform motorists of the regulations.

**Ask Cooperation**  
Chief of Police Ralph Stoffer today explained that the changes are designed purely to eliminate as many traffic evils as possible, among which is the troublesome double parking practice.

The half-hour parking at designated spots along East State st., and South Broadway is expected to aid in solving this, in the event motorists show a spirit of cooperation.

Parking at all other places is extended to an hour and a half, but the half-hour spots are so placed in order that places will be available for quick shopping and the loading and unloading of small trucks and commercial cars.

The new parking regulations will apply from 8 a. m. to 8 p. m. Previously, the evening limit was 6:30. Chief Stoffer said today that the police department is going to make every effort to enforce the regulations.

## WPA WILL GET DATA ON DITCH

County, City Work Up Figures, Engineer Informs Council

Plans for the improvement of the county ditch to eliminate near-flood conditions which recently threatened various plants in the factory district, will be submitted to the WPA this week, City Engineer F. S. Barkhoff informed city council last night.

The county, Barkhoff said, has worked up plans for that section of the ditch between Depot rd. and the Salem-Lisbon rd., the city that section west from the Depot rd. The commissioners, he pointed out, also have discussed with the state highway department plans for changes on the culvert under the Salem-Lisbon rd., to expedite the flow of water.

**Cleaning Out Sewer**  
Barkhoff and Service Director Frank Wilson also explained briefly operations that have been under way in the area west of Depot st., looking toward the cleaning of the old "American Steel" sewer and the attention to other details in connection with this work.

Barkhoff also suggested that council give some attention to the proposed resurfacing of South Broadway. Pointing out that several WPA projects now under way, including work on the Hillsdale water line and various sewers will be completed soon, he explained that labor will be available for the Broadway job, extending from Columbia street to the Pennsylvania railroad tracks. He estimates the cost in the neighborhood of \$5,000. The proposal was turned over to the finance committee for consideration.

The finance committee also was instructed to study the proposal for water lines on Summit st., and North Union ave., while council voted to defer action on a proposed North Union ave., sewer installation "until an actual demand is made."

Engineer Barkhoff was instructed to prepare plans and estimates for the proposed installation of a sewer on the east side of North Ellsworth ave., to take care of homes extending southward from the city limits.

These plans, when complete, will be turned over to the finance and sewer committees for consideration.

# REPORT VICTIMS IN AGONY

Doctors Stand By To Give Hypodermic Injections

(Copyrighted 1936, Associated Press) MOOSE RIVER, N. S., April 22.—A rescue crew digging through 141 feet of rock and dirt reached the two living men entombed more than nine days ago in the Moose River gold mine today.

They broke through a final wall of stone and dirt to reach Dr. D. E. Robertson and Charles Alfred Scadding, both of whom were in agony from the privations they have endured during their long wait underground.

### Veteran Miners Lead Rescuers

A group of three veteran coal miners, members of Nova Scotia's famous mine rescue organization, the Draegermen, formed the spearhead of the underground attack which reached the noted Toronto surgeon and his friend.

Their companion on the descent into the gold mine on Easter Sunday night, Herman Magill, died two days ago from privations.

So unbearable was the pain the two entombed men suffered that Dr. Robertson asked for hypodermic injections at once.

At the top of the rescue shaft stood hundreds of persons. Many of them had been on duty day and night, striving as best they could to assist in the work of rescue.

When the report came up from the depths that the two imprisoned men at last had been reached, cheers broke out.

The excitement was so intense that Royal Canadian Mounted police cleared a space and warned the crowd to stay back from the mine head.

**Stretchers Taken Down**  
Stretchers, prepared by the ambulance unit on duty during the last five days, were taken down the shaft to assist in bringing the men up.

There still was danger down below, for the rescue crews had pushed forward so fast that little time had been wasted in shoring up the crumbling walls properly.

The announcement of the rescuers' apparent success was made by an excited miner who came to the top of the rescue shaft and shouted:

"We've got through!"

For anxious moments afterward, there was no further news from the workers, but it was surmised that the miners had reached a comparatively unobstructed gallery leading to the trapped men.

## LIBERAL SEN. STEIWER

Predictions, some of them hopeful, that Republicans would fight and bleed over selection of a key-note for their convention quietly have come to naught. Unanimously, party leaders chose Sen. Frederick Steiwer of Oregon as their man in a meeting at Cleveland on Tuesday.

Immediately, as the decision flashed through the country, Sen. Steiwer's political complexion became a matter of vital interest. He is classed as a liberal. He has castigated the Roosevelt administration for some of its more palpable follies, but he also has supported several of its policies.

Forces favorable to the presidential candidacy of Sen. Borah advocated selection of Sen. Steiwer, who is acceptable to the forces of Gov. Landon. Sen. Steiwer, in short, is distinctly not a member of the reactionary bloc of the Republican party. The fact he has been chosen as convention key-note will do more than a thousand statements to appease the political desire of hundreds of thousands of normally Republican voters who deserted the party in 1932. They are ready to return to it if offered something more than an opportunity to vote against the new deal.

Those who have charged, with more passion than reason, that the Republican party is under the thumb of men unwilling to make concessions to a large disaffected minority will have trouble reconciling their prejudice with the selection of a convention key-note classed as a liberal.

## TURNING TO

Numerous shocking instances of man's inhumanity to man—the unusual cases which make headlines—are more than balanced by an occasional stirring demonstration of unusual humanity like the one in Nova Scotia. At the risk of their lives dozens of men toiled frantically to free three men trapped in an abandoned and unsafe gold mine. Throughout Canada and the United States people who had no direct interest in the peril of the entombed men prayed for their safety.

The art of turning to for the aid of a brother in danger may seem moribund in this hustling, bustling world, but that's because it isn't put on display without good cause. Its exponents are found in unexpected places—behind the rough exteriors of miners and in the soft, protected environments of cities. Any disaster, any tragedy, brings them out of hiding. They contribute money and supplies for victims of floods, tornadoes and fires. When necessary, they roll up their sleeves and give their own labor and direction to relieve the suffering which commands their sympathies. They ask nothing in return but the pleasure of knowing they did all that could be done.

## GIGOLOS MUST GO!

American womanhood must be protected from "phony" foreign counts and European "men of affairs." Under chairmanship of Rep. Dickstein, the house immigration committee has steered a bill through the house which provides that these undesirable aliens will be automatically deported when authorities can prove that they, the undesirable aliens, married American girls merely in order to gain entry to this country.

Rep. Dickstein, sponsor of what he proudly call the "gigolo bill," has sometimes distinguished himself by frothing and fuming about the red menace, so it is good to know that he wants American standards in all things, even marriage. Of course, it is possible that American girls, unmindful of the higher wisdom possessed by the congressman, will be so dazzled by their phony husbands they'll want to keep them even after authorities have proved them to be subject to deportation. But if the bill bows over the senators and passes, the girls will have to bow to the united marital wisdom of the legislators, some of whom are bachelors.

Curious persons may wonder how officials will prove the duplicity of phony foreigners, but as the husband-loaded ships chug back to Europe, the "widowed" girls will know government has once more wrapped its protecting arm around them—possibly an adequate substitute.

## O. O. McINTYRE

NEW YORK DAY BY DAY

NEW YORK, April 22—Richard Le Gallienne, famous poet and father of the equally celebrated but estranged actress, Eva, reveals in his latest book that his Paris attic which has been his home for a dozen years is seven flights up. His pension is on the Left Bank in the shadows of Saint-Sulpice.

Up and down these long stairs the venerable poet travels several times a day to wander, sit in front of cafes and exercise the rhymers' right to dream. From his tiny balcony which reveals the familiar acres of chimney pots, he looks across a cobbled rue once called The Street of Grave Diggers.

Almost opposite is the courtyard of an old mansion. The ancient gates bear the number "12." It was here d'Artagnan of the Three Musketeers—Dumas's character was a real life figure—lodged when he first came to Paris. The street is now the rue des Fossoyeurs.

Among Le Gallienne's furnishings is an oldish,

oblong table of no particular period nor beauty, yet somehow attracts attention. It was the only thing left of Oscar Wilde's in the miserable room nearby in which he died. Le Gallienne was able to purchase it.

Established New Yorkers felt the plan to wreck the Casino in the park was uprooting a tender sentimentality and were tickled with the court decision to leave it standing. The Casino became a political football on account of the Jimmy Walker fumadiddles. Many have felt there was no valid reason for the park, so long as it had a number of moderately priced restaurants, not to have a smart eating place such as Pre Catalan and Chateau Madrid in the Bois. The manner in which it was ordered razed smacked of spurious heroics. A play to the gallery.

The Rockefellers' most recent and commendable jet of civic pride is being expressed in the residential street, West 54th, in which they reside. They are erecting two eleven-story apartment buildings which will be models of beauty and comfort. Semi-circular glass bays will extend the entire height of the structures and there will be roof sun parlors, community squash courts, playgrounds, air filtration and silencers for street noises. The interior apartments will overlook a wide community garden. And the tenants will be hand picked. Mayfair at its fairest.

Add sickening touches to the news: Mid-town is to have a charm school for boys.

Bob Ripley may not receive the biggest number of telephone calls among celebrities but he receives the strangest. All times of day and night. He fears to ignore them because several of his most spectacular "Believe It or Not's" had their genesis in phone calls from unknowns. Yet 99 percent are utterly worthless. Such as a father who long distanced from Indiana that his daughter after a twelve-year-old engagement had become engaged. He thought that a honey.

Kate Smith has reputedly nearest to "perfect pitch" of any radio singer. There is no record of her ever singing off key, even when distressed by a cold, on the air. High or low, she never fumbles a try. Her earnings to date incidentally over a six year period total \$1,200,000. Most of which she has carefully invested.

Burkley Crest, the rambling estate of Billie Burke and Florenz Ziegfeld, has been offered for sale. At the peak of their joint careers, it was one of the most elaborately conducted establishments in the rich Hastings-on-the-Hudson area. Covering 23 acres with a stone house of 19 rooms, it had a guest house, swimming pool, garage and stables and was magnificently landscaped.

I itch to take to the high country when one of those energetic hostesses calls on guests to do things. But when they get around to me I always try, wearing what G. B. Stern calls Harpo Marx's inspired idiot grin. Consequently I'm all pity for a friend who just dropped in after such an experience. All tremble he tried to repeat that Kipling yacht-in-a-storm toast and in the middle of it his voice soared into a thin flutey uptake and went completely dead. And some smart alec cracked: "Becalmed without oil!"

## THE STARS SAY

For Thursday, April 23

The lunar aspects bearing rule on the affairs of this day seem to leave much to individual initiative and wise judgment. There is sign of a change of moderate importance, which may have an effect on the employment or in relations with employers, superiors or those in authority. There is likely to be a small annoyance or misunderstanding in the private affiliations.

If This Is Your Birthday

Those whose birthday it is may find things moving along in fairly gratifying grooves during the year, with much depending on individual initiative and sagacity. A minor change of interests, associates and environs seems imminent. This may concern the employment or relations with superiors or those of power and prestige. Private associations have hint of petty annoyance or anxiety.

A child born on this day may be original, independent and fond of change, but will win the favors of its employers, superiors and those of position and prestige.

## Today

A Review of the  
Day's News

By Arthur Brisbane

(Reg. U. S. Patent Office.)

VINCENT ASTOR returns from a 9,000-mile cruise, his yacht loaded with strange monkeys, big lizards and other creatures, including a "flightless" cormorant, big, fat, hungry but, although a bird, unable to fly.

Carefully stuffed, that creature should be presented to Uncle Sam. It is just the bird for a fat gentleman, almost "flightless." Taxpayers will see the aptness of the cormorant gift. The cormorant is the world's biggest eater.

PRaise OF HITLER, celebrating his forty-seventh birthday, by Propaganda Minister Goebbels, reminds you of Nero's greetings from his courtiers, "Caesar, emperor, divinity, God."

GOEBBELS suggests that history will recognize Hitler as the savior of "senile Europe" and the whole world. Many, here, would say:

"Much obliged, but we would rather save our little corner for ourselves."

It cannot be denied that Hitler, only forty-seven, recently a house painter, then a simple soldier in the big war, now ruling Germany, implored by the British empire to preserve peace in Europe, has traveled a long way. Will he become Kaiser, Stalin, czar? The twentieth will be an interesting century.

THOSE WHO realize Hitler's in-born political aptitude will read, without surprise, in the New York Times, the statement:

"National Socialist Germany now dominates the diplomatic councils of Europe. Germany increases her strength hourly." French officials say Germany is

"secretly constructing a naval base on a Portuguese island, off the west coast of Africa."

The Nazi leader must have sound judgment, or wise advisers.

ENGLAND, doing well in a business way, with more than two billion dollars worth of Bank of England notes circulating among tradesmen, is collecting gold and depleting the French reserves.

While England tries to keep down the price of her "no-gold" pound, France is afraid she will not be able to keep up the value of her gold franc, already devalued by 80 per cent of its 1914 value. What becomes of the "magic of gold"? Our dear old dollar is worth only 59 cents and only dealers in exchange know it.

THE LATE news is that England proposes to "curb" Mussolini all by herself, since the League of Nations will not act, and France will not help.

That might make England worry more than France does. If air war should start over London, the pound would drop far enough to please anybody. England is too wise for that nonsense; she will let some other nation test the effect of explosive and gas bombs, on big cities.

IN RUSSIA, as soon as possible, "all class restrictions, all inequalities among individuals, will be wiped out." Russia will find that "distinctions" and "inequalities" are necessary to get the best work out of men.

An Ethiopian who has killed a lion is permitted to wear part of the lion's mane in his headdress, so other Ethiopians kill lions because "no lion-fur headdress except for killers."

All men, doubtless, are created equal, as Thomas Jefferson said, but they don't remain that way, if they can help it, in Russia or elsewhere. Stalin has not remained "equal."

AN ARGENTINE, Juan Carlos Zabala, "small, with a worried look," on a wet track, rain falling and an icy wind blowing snow and water into his eyes, beat the world's record, including that of the great Paavo Nurmi, running 20 kilometers in 1 hour 4 minutes and two-tenths of a second.

Great power is in the mixed races that make up the Argentine nation. What a heart that small Argentine must have!

JAPANESE plan wisely.

Dr. Toyohiko Kagawa, Japanese Christian now preaching in America, plans 1,000 Christian chapels in as many Japanese villages.

The idea is better than it sounds; on week days the chapels will be nurseries, taking children whose parents work the fields; at night they will be night schools; on Sunday church services will be held and in winter when farmers are idle, they will be used as small agricultural institutes.

Thus, if the 1,000 villages should not be converted and saved, they will at least be helped.

MUSSOLINI'S overwhelming and rapid victory in Ethiopia recalls Danton's prescription for success in the French revolution:

"Audacity, more audacity, always audacity."

Mussolini sent a comparatively small body of men into a difficult country of mountains, deserts, swamps, fevers, wild animals, against millions of native hard fighters, recalling Elijah and his ravens, he sends men marching ahead into the jungle, without provisions, follows them through the air, drops food from airplanes.

Audacity works wonders, dictators have it, other rulers often lack it, hence the success of dictators—for a while.

MOSCOW HAS returned to the Japanese government in Manchukuo, with full military honors, the bodies of three Japanese soldiers killed in a fight with Soviet guards.

The military honors will not console the widows, and, repeated often enough, such incidents lead to war.

WASHINGTON, April 22 — The social security board approved yesterday a grant of \$1,611.875 for Ohio for needy aged, dependent children and the blind for February and March. The grant was included in a total of \$5,392,876 made to nine states with approved public assistance plans.

## Trichinosis

"Trichinosis" is a disease contracted by eating pig flesh that contains the parasite, trichina. Rigid food inspection causes the destruction of all suspicious-looking meat. But it may be impossible to detect the presence of the pork worm and then, if the meat is eaten, there is danger of having trichinosis.

More persons suffer from trichinosis than is generally supposed. For this reason I think I should tell you about it.

Health authorities believe that from one to two per cent of all swine in the United States are infected with the pork worm given the big name "trichinella spiralis." Trichinosis is under almost perfect control, however, because of the excellent

supervision and activity of the United States public health service, the agriculture department and various local and state health officials. These men deserve a great deal of credit for the good they do us.

Cook Carefully  
The health authorities advise careful cooking, preserving and

Bargains are plentiful. The ad

will tell you where.

During this time the worms are developing in the intestine. They mature within a week and rapidly multiply. A single female worm may give birth to as many as 1500 or more larvae. These make their way into the blood stream; they reach various organs of the body. The victim complains of chills, fever and sweats. The fever may be as high as 104 degrees. Often the eyelids swell, distorting the appearance of the face.

At times the disorder is severe in its nature, requiring careful medical attention. These cases are best treated in a hospital where every comfort and attention can be given the patient. Many serious complications can be avoided in this way.

# "THERE'S MURDER IN THE AIR"

by ROY CHANSLOR

"Murder!" she half-whispered. "Murder has been done!"

Erik, the musical-comedy star. "The wife's name?" said Tyler. "Martha," said Crandall unhesitatingly. "Drop around some time."

It was the next morning. Daniel Tyler, seated in the office of Dr. Jan Karase, the celebrated psychiatrist, glanced once more at the newspaper headline.

RALPH ERIK, STAGE STAR, STRANGLES WIFE, CONFESES

Then he handed the folded paper to Dr. Karase, a dark, quick little man, with bushy iron-gray eyebrows and wavy, almost blue-lack hair. The psychiatrist said nothing, but his bright little eyes gleamed.

"And here," Tyler said, "is the whole story."

Dr. Karase, without a word, took the paper, began to read, nodding rapidly, making odd little clucking sounds with his lips.

"You will notice," Tyler said, "that in his confession Ralph Erik says that he waited for his wife in the apartment, for hours, seething with a jealous rage, determined to kill her when she returned. My daughter knew that."

Dr. Karase appeared not to notice. He kept his eyes on the paper. "You will also notice," Tyler persisted, "that the people in the adjacent penthouse heard the woman's first scream at four-twenty o'clock—the exact moment that Ruth began to play."

Tyler stopped. Dr. Karase read on, still making little clucking sounds with his lips. When he had finished, the psychiatrist peered up at Tyler with his curious little eyes, blue and oddly incongruous in his swarthy face.

"But yes," he said, in the fluent, precise English of a highly cultured foreigner, "interesting, very interesting, no?"

He darted a searching look at Tyler's face, and began to drum a vigorous tattoo on the arm of the chair with his spatulate fingers.

"How long," he asked, softly, "has your daughter been blind?"

"She was born blind," said Tyler. "And you say that she knew, merely, that a woman named Martha had been strangled?" Dr. Karase pursued thoughtfully.

"That is all," said Tyler. "The unusual part of it is that this was the first time she had ever been able to get a name."

"Ah, yes," said Dr. Karase. "And the—ah—last time?"

"Was last week," said Tyler. "I woke to hear her screaming, ran to her room. She knew that some one had been shot—who, she did not know. You recall the newspaper stories of the murder of Augie Klaus, the beer baron?"

"I never read newspapers," said Dr. Karase.

"This man was shot at one-thirty-five A. M. in a night club in West Fifty-fourth street," said Tyler. "The exact time that Ruth's scream aroused me. I am convinced that she knew about this murder."

"I dare say," said Dr. Karase. "And the—ah—the other times?"

"She was terrified," said Tyler, "but never knew of what."

"I see," said Dr. Karase. "Most interesting."

"You'll take the case?" asked Tyler.

"Erik," said Crandall. "Ralph

"If I only could!" said Dr. Karase. His little eyes were shining. Then he shook his head, slowly, regretfully. "But it is impossible. Tonight I must go to Baltimore. I am committed to an important case there. A pity!"

"But Dr. Karase!" Tyler cried. He stopped, hesitated and went on: "If it's a question of money—"

"But no," said Dr. Karase, turning upon him a look of mild astonishment. "Do you think that a mere

matter of money—Have I not told you that I am committed?"

"I can't tell you how disappointed I am," said Tyler heavily. "I'd set my heart on you, as the one man in your field. I—I certainly thought you'd be interested."

## Salem W.R.C. Celebrates Anniversary

Women's Relief Corps No. 34, headed by Mrs. C. P. Zimmerman, celebrated the 52nd anniversary of its organization Tuesday evening with a dinner and program at the G. A. R. hall.

The dinner was served at 6 p. m. and was followed by an "old fashioned stunt" program, in which each member had part. Readings were given by Mrs. Virginia Courtney, Mrs. Cora Schwartz and her committee were in charge of the dinner.

Two charter members of the corps were present, Mrs. Emma Zimmerman and Mrs. O. C. Jurgens. Mrs. Schwartz has been a member for 51 years.

The original group was formed a few years after the Civil war as an auxiliary to the Grand Army of the Republic. The local group was the 34th of its kind in Ohio to be formed. The purpose of the corps was, in the beginning, to aid G. A. R. men and their families, but since the gradual thinning-out of the soldiers' ranks, the members have extended their activities to include United States soldiers of any kind, and their families. They aid in maintaining various soldiers' and sailors' homes and care for their families.

Mrs. G. D. Keister Gives Talk  
Mrs. G. D. Keister was a speaker at the meeting of the Presbyterian Anne B. Gilbert auxiliary last evening in the assembly room of the public library. Mrs. Keister's topic was "God's Choice."

Mrs. H. G. Percival reported on the March meeting of the Mahoning Presbytery, held in Niles, Mrs. Thomas Mercer had the year book of prayer. Musical entertainment consisted of piano selections by Miss Margaret Kirkbride. Devotions during the meeting were led by Mrs. Elbert Vincent.

Mrs. Donald McCormick gave "Out of the Mail-bag" and Miss Eleanor Currier reviewed the chapter of the study book, "Women Under the Southern Cross." A reading, "The Inventor's Wife," was given by Mrs. Glen Whinnery.

A lunch was served by the hostess and her assistant, Miss Bernice Smith.

The next session, probably at the church, will be the annual Mother-Daughter entertainment. Definite plans will be announced later.

## Kappa To Attend Dinner-Dance

Miss Margaret Moff, head of the Kappa Beta Kappa, presided at the meeting Sunday at the Church of Our Saviour, when plans were made for members to attend a dinner-dance on April 24 at St. John's Episcopal church in Youngstown. Members who plan to go are asked to meet at the local church at 6:15 p. m.

An early communion service will be held at 8 a. m. Sunday at the church, followed by a breakfast in the church rooms. Misses Emily and Betty Wright are in charge of the breakfast.

## Miss Ethel Shears Circle Hostess

Miss Nellie Naragon was in charge of the program last evening when members of the Carrie Barge circle of the Methodist church were entertained at the home of Miss Ethel Shears on Jennings ave. A special Lenten candle service and offering made up the program, which was followed by a lunch, served by Miss Shears and her assistant hostess, Miss Esther Stewart.

The next meeting will be held May 19 at the home of Mrs. Russell Gibbs on the Painter rd., with Mrs. R. R. Miller as associate hostess.

## Plymouth Council Holds Meeting

Wilson be instructed to advertise for bids for the purchase of a roller. The motion was approved. Mayor streets, he said, are in need of attention and, he added, it will be to the advantage of the city to have the equipment not only to perform this work properly but also to handle other jobs of a similar nature that will appear in the future. He pointed out also that the quality of the work will be increased, as compared with the hand-tamping process in use now.

Councilman George McArthur, chairman of the lighting committee, informed council that the committee had conferred recently with representatives of light cable companies looking toward the purchase of cable for the street lighting system but no definite action has been taken.

**Reimburse Health Funds**  
Council instructed City Solicitor Lozier Caplan to prepare an ordinance to appropriate \$105 for the board of health. The health board employed a clerk to handle various duties but council was unable to appropriate funds for clerk hire, it developed during discussion of the matter. The clerk recently resigned and her salary up to the resignation date, was paid from food and incidental funds of the health board. Council, through the ordinance planned last night, will reimburse these two funds.

A petition from West Seventh st. property owners, asking that action be taken on plans for the laying of sidewalks, was referred to the streets, alleys and sidewalks committee.

ALLIANCE, April 22.—City council passed the annual appropriation ordinance last night but included only enough money to run most city departments until about the middle of July because the funds now in sight will be exhausted by that time.

# Painful Piles

Go Quick—No Cutting—No Salves  
It takes only one bottle of Dr. J. S. Leonard's prescription—HEM-ROID—to relieve itching, bleeding or protruding piles. This internal medicine acts quickly even in old stubborn cases. HEM-ROID succeeds because it helps to heal and restore the affected parts and relieves blood congestion in the lower bowel—the cause of piles. Only an internal medicine can do this, that's why salves and cutting often fail. All druggists say one bottle of HEM-ROID Tablets must relieve you of your Pile misery or money back.

All of them are vitally important to you, because they give you performance, riding comfort, ease of handling, safety and operating economy far beyond the price you pay.

## Bob Grove Holds Senators To Three Hits As Red Sox Win In Seven Inning Game

Hank Leiber Is Central Figure In Giants' 8-7 Win Over Phils When He Slaps Single To Center Scoring Ripple With Winning Run

By ANDY CLARKE,

Associated Press Sports Writer

Hank Leiber, cleanup man of the Giants, chuckled today in the satisfaction that Jimmy Wilson, pilot of the Phils, had paid for his lack of respect.

Hank was the central figure in a Polo grounds drama that featured a day on which cold, rain and darkness conspired to cause postponement of four major league games and to halt two others before completion; a day on which Bob (Lefty) Grove hung up his second win of the season and weird baseball came again to the park of the Brooklyn Dodgers.

It was the ninth inning, the score was tied and the winning run was on second base. Curt Davis was on the mound for the Phils and Mel Ott was advancing to the plate for the Giants when Wilson, yelling "Wait a minute", ran out to the pitcher's box for a conference. He glanced at Ott and then at Leiber. The latter swinging a couple bats in the background. Then he made his decision.

"Pass Ott and pitch to Leiber," Leiber began to wing those bats viciously and Davis intentionally passed Ott and the import of the insult deepened.

### Gets Single

Hank stepped to the plate. The first ball was a little low but he leaned on the second for a clean single to centerfield. Jimmy Rippe scampers around third to home and Hank, crossing first base, looked to the Phils dugout to see Wilson disappearing into its depths. It was complete vindication. The final score was 7-6.

Grove held the Washington Senators to three scattered hits for his second win of the season as the Red Sox defeated the Nats 8-1 in a game that was halted in the seventh inning. The rainy south-paw deserved a shutout, Washington's second inning run being the result of Eric McNair's error on Jake Powell's grounder. The game was called on account of darkness and rain.

The Brooklyn Dodgers-Boston Bees game was called in the 12th inning because of darkness with the score tied at 6-6. Dick Siebert was the man who failed for the Dodgers. With the bases loaded in the last half of the 12th, Siebert stepped to the plate and hit into a double play.

The Athletics, showing surprising power in the last two starts, beat the Yankees plenty of trouble before going down 7-6. Three Yankee pitchers saw duty. Johnny Bronck was chased after bringing his team into the ninth with a five run lead. Johnny Murphy and Pat Malone also saw duty before Malone made Pinky Higgins foul out and Warbler ground out to Crosetti with the tying run on third. Bill Dickey belted his third homer of the season with two on in the third.

## TRAUTMAN SAYS A.A. DOING O.K.

Everybody Satisfied With First Week of Play

(By Associated Press) COLUMBUS, April 22.—George M. Trautman, president of the American association, said today that "despite cold and generally disagreeable weather, the conclusion of the league's first week of play found everybody more than satisfied."

"The total attendance for the week exceeded that of last year by several thousand," Trautman said. "When it is considered that there has been no opening in the western half, where the crowds are generally larger than in the eastern half of the circuit, the showing is remarkable."

The power of the four western teams and the unexpected strength of the Louisville Colonels, the Prexy said, have helped boost attendance.

Set Dizzy Pace "Three of the western teams, Minneapolis, Kansas City and St. Paul," Trautman said, "have set a dizzy pace in home territory. The fourth western team, Milwaukee, has been handicapped by the absence of several stars because of injuries, but will come back into the thick of the fight."

"Louisville, the team which was generally consigned to the cellar by the 'experts', has been confounding its critics by leading the league at bat, by getting much better pitching than was anticipated, and by playing good ball field."

After another week of play in the eastern sector the clubs will move into the west. The opening western encounters, all slated May 1, take Indianapolis to Minneapolis, Columbus to St. Paul, Toledo to Kansas City and Louisville to Milwaukee.

### Pay Taxes Early

FINDLAY, April 22.—With eight days remaining for payments, the Hancock county treasurer announced today that collections of the December installment of real estate taxes already were running ahead of the total currently due. He said a total of \$458,530 of the entire 1935 levy of \$703,925 had been received. Half of the latter sum, or \$350,462 is collectible in the December installment.

## STRANGE TALES OF GOLF HEARD

Associated Press Hole-In-One Club Gets Adventure Yarns

(By Associated Press) NEW YORK, April 22.—Strange tales of fairway adventure filtered in today as membership in The Associated Press hole-in-one club soared to 127.

Nelson Maynard, playing in a foursome at Baltusrol golf club, Short Hills, N. J., bet \$1.00 that if anyone made an ace that day he would be the man. He forgot about the wager until he scored an ace on the 137-yard fourth.

Mrs. Carle Robbins of Fort Smith, Arkansas state women's champion, struck out for a game of golf with the mercury only two above zero. She was rewarded when her No. 6 iron shot produced an ace on the 127-yard third hole on the rolling Knolls country club.

### 'That's Going In'

Alex "Nipper" Campbell, one of the grandest of old time pros still playing golf, made a shot from the ninth hole, a 160 yarder, of the Springfield, Ohio, country club course. As he reached the top of his follow through, the veteran Scot turned to his partners and said: "Gentlemen, that's going in."

A prominent jockey, Mel Calvert, bagged a 160-yard ace on the fifth hole of the Willow Springs course at San Antonio to run Texas' hole-in-one total to the surprising total of 3, or better than a quarter of the nation's entire supply.

And a golfer named Dick Deer from Salt Lake scored an ace on the Bonnevillie course near there and then went on to take a snappy 53 for nine holes.

As the Texas sharpshooters turned in six more aces during the week to increase their top-heavy margin, eight more states reported prize shots to run the number of states reporting to 34.

Other scores last night were: Masons "A", 2,740; Saxton club, 2,621; Merit Shoes, 2,588; and Peoples Lumber, 2,451.

The following teams will see action in the tournament tonight: Mullins Office, Salem News, New-Boomers and Mullins Engineers, at the Masonic alleys; City Hall, Romanians, Alliance Radio Service and Deming Pumps, at the Grate Recreation drives. The teams will start their games at 7:30 sharp.

## K. of C. Keglers Set Pace as City Tenpin Tourney Opens

Eight Teams Roll In First Night's Competition; Bob Tubbs and Dale Rafferty Lead Knights of Columbus Team To 3,119 Score

Salem's handicap tenpin tournament got off to a blazing start at the Grate Recreation and Masonic temple alleys last night with the Knights of Columbus setting a fast pace among the eight teams which rolled opening games.

Granted a handicap of 312 pins, the K. of C. keggers hammered the maps at the Grate alleys for games of 923, 1004 and 880 to finish with a three-game total of 3,119. This score topped all others rolled by teams last night and will probably boost the K. of C. alleymen into the money class if they can hold their own in their final three games of the five-man event next week.

Portside Bob Tubbs and Captain Dale Rafferty turned in the outstanding performances for the K. of C's. Tubbs blasted the maps for a fine 601 series while Rafferty hit 582. A 221 by "Pat" Boen was the best single game score.

Bill Finley's Orphans came in with second high score of the opening night when they chalked up a

2,947, including a 306-pin handicap, at the Masonic alleys. Harry Calladine led the Orphans with a 578 series while Captain Finley was close behind with a 573.

Low Handicap With one of the lowest handicaps of any team in the tournament, 210 pins, the Mullins Sinks hit 2,851 in their first three games at the Grate alleys. Curt Shephard's 570 was the leading score for the Sinks.

The Ohio Edison outfit, one of the top ranking teams of the Class B city league, combined a handicap of 441 pins with games of 751, 799 and 760 for a 2,310, fourth high score among the eight teams which rolled in the openers.

Other scores last night were: Masons "A", 2,740; Saxton club, 2,621; Merit Shoes, 2,588; and Peoples Lumber, 2,451.

Believed to be the only track and field meet of its kind in the nation, the Relays are expected to draw more than 300 athletes from 30 schools.

Twenty entries have already been turned in to W. J. Springer, Salem High school principal, manager and founder of the meet. Coach E. C. Offinger's Cleveland Shaw squad, defending champion, was one of the first teams to file an entry.

The Salem High school track and field team will warm up for the relays in a triangular meet with Coach "Rib" Allen's Boardman tracksters and McDonald at Reilly stadium Friday.

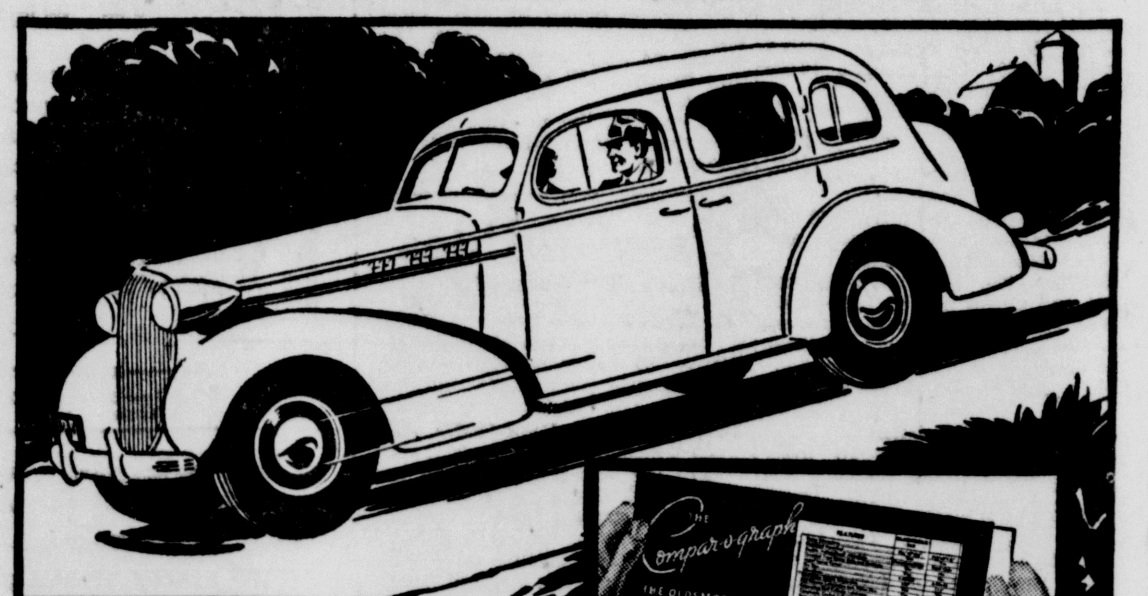

In the event of bad weather, the meet will be run off Saturday.

Track Abandoned At Leetonia High

LEETONIA, April 22.—Because of the lack of promising material, Leetonia High school will not have a track team this year, it has been decided by the athletic council.

Baseball has been substituted as the school's spring sport and more than 25 candidates have reported for the team. William Disbro will coach the diamond nine and will be assisted by Wilbur Lambeth, former Canfield High athlete.

## REAL ESTATE

### HERE IS A REAL PARADISE

This is one of the best small farms I have ever offered for sale. 23 acres located about 3 1/2 miles north of Salem on a hard road. Extra fine house. Newly decorated and spotlessly clean. Furnace heat and electric lights. Floors finished for rugs. Water in house. First-class bank barn. Nice young orchard with a variety of all kinds of fruit. Also grapes and strawberries. This farm will equal most any farm twice its size in producing. It is one of the best farms that lays outdoors. Will include two nice Jersey cows, some chickens and a nice lot of farm machinery. Possession can be had at once. It is priced at \$5,500 and might consider city property as part pay. If you really want a nice home that will make you proud to ask your friends to come and see you, here it is. For more particulars, see—

## Theater Attractions

Fred Stone, who made his stage debut about 50 years ago, made his first screen appearance last year with Katherine Hepburn in "Alice Adams." His performance as a broken man, struggling to support his family far beyond their means and to still keep his self respect, was highly praised. His new film is "Farmer in the Dell," showing at the State theater Thursday only. Jean Parker, Esther Dale, Moroni Olsen and Frank Albertson complete the starring cast.

**Plays Role of Farmer**  
"Farmer in the Dell" is a home-spun yarn by Phil Strong, author

of "State Fair." Stone plays a retired Iowa farmer, father of Jean Parker, and contented to stay in Iowa for the rest of his life. But his wife, ambitious and stupid, transplants the family to Hollywood, determined that her daughter have a screen career.

Things begin to happen the moment they hit Hollywood. Ma goes Hollywood in a big way, moves into a palatial home and becomes the sucker for all the grafters, salesmen and crooks in the colony. Miss Parker gets mixed up with a bogus Russian count and Pa arrives just in time in Hollywood.

This role is made to order for Stone, that of a simple, honest farmer caught in the whirl of the movie colony. He is discovered by the movie producers and practically shanghaied into the movies. His homely natural type is just what they have been looking for. There is comedy and pathos as Stone takes his stand against the pretense and the glitter that he finds in Hollywood.

**Would Rather Be Bride**  
Miss Parker is very good in her role of the young girl who would rather marry her sweetheart, Frank Albertson, than go into the movies.

Tonight will be the last showing at the State of the double feature bill that includes a comedy and a romance of the Canadian north woods.

"Love on a Bet," with Gene Raymond and Wendy Barrie, the comedy, concerns a man who takes a

dare to start from New York, wearing just a pair of trunks, end up in California with a new suit, and to be engaged to a beautiful girl. "The Country Beyond" is a James Oliver Curwood story of the Canadian mounties and their search for a murderer. Robert Kent and Rochelle Hudson furnish the love interest. Others in the cast are Paul Kelly, Alan Hale and Alan Dinehart.

## WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.

## DRIVE THE Sweepstakes WINNER

The Car That Beat Them All!

Let the facts speak for themselves.

A Graham Supercharger sedan made 26.66 miles per gallon in a test supervised by the American Automobile Association,\* winning the sweepstakes championship over 29 other cars of various makes and sizes. No full sized car in America has a certified economy record equal to that set by the Supercharger.

Not even the smaller cars were able to match Graham performance.

The larger cars, in the Supercharger class, were literally overwhelmed.

The principle of the Supercharger—as brought to the lower price field for the first time by the Graham brothers—is the most revolutionary development of the last 10 years.

It couples unmatched economy with the smoothest and most brilliant performance you've ever known.

Try the Graham Supercharger before you buy. Drive the sweepstakes winner—the car that beat them all!
